Easy Rider floor rail

SRG-BS H23

Product code:

0120910

Product information

High-quality stainless steel rail in hygienic design according to DIN 18868-2, serving as the basis for a sliding shelf to optimise space utilisation in various storage areas from linen storage to operating room and sterile goods storage. Floor rail in deformation-stable design with special profiling for high load capacities, featuring a central guiding groove for the wheels of the running trolleys. Rails available in standard segments of 1000, 1500, and 2500 mm in length, as well as in any required intermediate lengths for floor installation, with segments combinable to the desired total length using stainless steel connecting elements.

Technical information

Width:	1000 mm
Depth:	83 mm
Height:	23 mm

Easy Rider floor rail end stop

SRG-BS/EA H23

Product code:

0120917

Technical information

Weight:	0.1 kg
Width:	72 mm
Depth:	86 mm
Height:	25 mm

Easy Rider roller chassis

SRG-LW 0600

Product code:

0120932

Technical information

Weight:	3 kg
Width:	86 mm

Depth:	638 mm
Height:	105 mm

Easy Rider roller chassis

SRG-LW 0800

Product code:

0120952

Stainless steel roller chassis in hygienic and easy-to-clean design, each with two ball bearing brass castors \varnothing 80 mm.

Technical information

Weight:	4 kg
Width:	86 mm
Depth:	852 mm
Height:	105 mm

Easy Rider roller chassis

SRG-LW 1000

Product code:

0120962

Technical information

Weight:	5 kg
Width:	86 mm
Depth:	1052 mm
Height:	105 mm

Easy Rider foot brake

SRG-FS 210/75/53

Product code:

0120811

Product information

The effortlessly operable foot stopper allows the locking of a Hupfer sliding shelf trolley at any position. The Hupfer foot stopper made of stainless steel provides more comfort and

safety when handling sliding shelf systems. By pressing the foot stopper once, your sliding shelf is securely in place and can be operated without further movement. By pressing it again, you release the foot stopper and the shelf is free to move again. The foot stopper can be installed on either side and at any time afterwards.

Technical information

Weight:	0.5 kg
Width:	638 mm
Depth:	237 mm
Height:	123 mm

Easy Rider chassis cross brace

SRG-KV LW 600

Product code:

0120943

Key facts

- Stability and torsional rigidity
- Suitable for different shelf widths
- Sustainability
- perfect hygiene

Weight:	0.7 kg
----------------	--------

Easy Rider chassis cross brace

SRG-KV LW 700-1500

Product code:

0120942

Horizontal cross brace for Easy Rider sliding shelving system roller chassis, shelf width 700-1500 mm

Key facts

- Stability and torsional rigidity
- Suitable for different shelf widths
- Sustainability
- perfect hygiene

Technical information

Weight:	2 kg
Width:	960 mm
Depth:	34 mm
Height:	546 mm

Роликовое шасси Easy Rider

SRG-LW 1200

Код продукта:

0120982

Тележка для выдвижных полок обеспечивает легкое перемещение и эффективную организацию стеллажей. Тележка для выдвижных полок также обеспечивает надежное хранение и безопасную транспортировку товаров в различных условиях.

Техническая информация

Масса:	5 кг
Ширина:	86 мм
Глубина:	1252 мм
Высота:	105 мм

Top Rail systems

SRG-TOP N5 13965/2636/2085 - CS2-3

Product code:

7506120

The sliding shelf is used for storage with maximum space utilisation. The shelf is movable on ceiling tracks. Depending on the model, the shelf is suitable for continuous use at ambient temperatures from -40°C to +60°C. The supports serve as a surface for placement.

Product information

The Hupfer sliding rack offers a clear and easily accessible storage solution for order in your logistics with maximum space utilisation. The modular and movable design allows for a needs-specific configuration for different conditions and ensures the highest space efficiency. Thanks to the mobility of the rack via a guide using ceiling tracks and wheels on the rack uprights, you can create up to 100% more shelf space than with a static shelf. The ceiling tracks are screwed to the ceiling. The ceiling guide ensures appropriate ground clearance when cleaning the premises. You can freely choose the individual components of the rack according to your needs in line with our Hupfer standard shelving series. The easily hung shelves provide a safe, well-ventilated, and easy-to-clean surface depending on the series and can support high loads. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees to buy back your entire rack at the end of its service life.

Technical information

Weight:	1522 kg
Width:	13965 mm
Depth:	2636 mm
Height:	2085 mm

Easy Rider floor rail

SRG-BS H23/2500

Product code:

0120916

The floor rail for sliding shelves enables the efficient organisation and sorting of stored goods. The floor rail for sliding shelves also supports smooth transport and easy accessibility of the shelf contents.

Key facts

- For Easy Rider systems
- Variable length
- Costs per metre

Technical information

Weight:	5 kg
Width:	23 mm
Depth:	83 mm
Height:	2500 mm

Easy Rider floor rail

SRG-BS H23/1500

Product code:

0120915

The floor rail for sliding shelves enables efficient storage and organisation of sliding shelves to make optimal use of space. The floor rail for sliding shelves also supports smooth transport and easy handling of shelves, significantly improving logistics.

Key facts

- For Easy Rider system
- Variable length
- Costs per metre

Technical information

Weight:	3 kg
Width:	23 mm
Depth:	83 mm
Height:	1500 mm

Easy Rider floor rail

SRG-BS H23/1000

Product code:

0120914

The floor rail for sliding shelves enables efficient organisation and sorting of shelves. Additionally, the floor rail for sliding shelves supports the safe transport of stored goods and ensures optimal space utilisation.

Key facts

- For Easy Rider system
- Variable length
- Costs per metre

Technical information

Weight:	2 kg
Width:	23 mm
Depth:	83 mm
Height:	1000 mm

Код продукта:

7506122

Выдвижная полка предназначена для хранения с максимальным использованием пространства. Полка перемещается по потолочным направляющим. В зависимости от модели полка подходит для постоянного использования при температуре окружающей среды от -40°C до +60°C. Опоры служат в качестве поверхности для хранения.

Ключевые факты

- Высота: 2085 мм
- На 100% больше места на полках

- Дорожный просвет при уборке помещений
- идеальная гигиена

Информация о продукте

Раздвижная полка Hupfer предлагает наглядное и легкодоступное решение для хранения, позволяющее организовать вашу логистику с максимальным использованием пространства. Модульная и подвижная конструкция позволяет создавать конфигурацию, соответствующую потребностям, для различных условий и обеспечивает максимальную эффективность пространства. Благодаря подвижности полки с помощью направляющей с использованием потолочных рельсов и роликов на опорах полки вы можете создать до 100% больше места на полке, чем со статичными полками. Потолочные рельсы привинчиваются к потолку. Потолочная направляющая обеспечивает соответствующий дорожный просвет для уборки помещения. Вы можете свободно выбирать отдельные компоненты полки в соответствии с вашими потребностями на основе наших стандартных полок Hupfer из стандартной серии. Легко подвешиваемые опоры обеспечивают надежную, хорошо проветриваемую и легкоочищаемую поверхность в зависимости от серии и могут выдерживать высокие нагрузки. Используемые материалы являются экологически чистыми, на 100% пригодными для вторичной переработки и настолько ценными, что Hupfer гарантирует выкуп всей вашей полки по окончании срока ее службы.
